Planning for your pet's health

At **Newman Watters Veterinary Surgery** we believe that a proactive, preventative approach to your pets healthcare is far better than waiting until your pet is vulnerable, ill or suffering to put things right. We want to make responsible pet ownership simple and affordable, which is why we have designed the **Pet Health Club**.

Pet Health Club is not pet insurance: **Pet Health Club** includes the regular things – like vaccinations, flea, worm and parasites treatments, health checks and advice in your monthly payment plan – that pet insurance generally does not cover. However young or old your pet, our **Pet Health Club** is designed to adapt to your pets needs, from puppy or kitten to adulthood and throughout its senior years.

Pet Health Club makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pets vaccinations, flea and worm treatments can be kept up-to-date. Plus, regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life whilst saving you money and worry too.

The Newman Watters Pet Health Club provides your pet with:

	Dog Any age	Cat Any age	Rabbit Any age
Annual vaccinations* with a vet consultation which includes a 10 Point Health Check	✿	✿	✿
Year round flea and worm treatment	✿	✿
